1   Question 6

How many countries are there?
We use code:

```
SELECT COUNT(name) FROM Country;
```

And got result

```
 count
-------
   238
(1 row)
```

So i guess result is 238.

2   Question 7

Names of organizations that Sweden is a member of?
We use code:

```
SELECT(country,name) FROM Organization
WHERE country='S';
```

And got:

```
         row
---------------------
 (S,"Nordic Council")
(1 row)
```

so only in Organization, Nordic Council.

3   Question 8

Didn't go so well used code

```
SELECT geo_river.river ,River.length
,SUM(River.length) AS Length_sum FROM geo_river, River
WHERE geo_river.country='USA'
GROUP BY River.name;
```
